

Report on the Defense of Research Proposal

Each committee member should download, print, fill out, and return this form to

Robin Thomas
School of Mathematics
Campus 0160
FAX 404-894-4409

Student name: _____

Date: _____

Your name: _____

Research proposal:

- very well written, a pleasure to read, accepted as is
- written in a satisfactory style, accepted as is
- accepted subject to a minor revision (please specify) _____
- needs major revision; a review by the committee is necessary
- inadequate, rejected

Research area:

- a hot research area, very competitive, great source of research problems
- a classical research area, with hard problems
- offers suitable supply of research problems, fairly interesting
- offers suitable supply of research problems, but is of limited interest
- offers research problems but unlikely to lead to a suitable ACO thesis
- not clear there are any substantial problems there

Student's knowledge:

- outstanding, answered all questions correctly and completely
- very good, sufficient to start excellent research, likely to improve with time
- good, has good potential after filling certain gaps (please specify)
- fair, not ready to start research, but has the potential to improve
- poor, should not continue in the program

Comments: _____

Readiness to start research:

- Student presented a paper publishable in a top journal. Has already started research
- Student presented a paper that is publishable, but not in a first-class journal
- Student presented a manuscript that is probably not publishable in a reasonable journal, but shows ability to conduct research (please give details)
- Student presented a manuscript that is not convincing of his ability to conduct research
- Student failed to demonstrate his/her ability to conduct original research
- Other (please specify)

Comments: _____

Knowledge of current literature:

- Student is familiar with the current literature, has listed adequate number of references and shown familiarity with them
- Student is somewhat familiar with current literature, but needs to do more reading (please specify)
- Student listed enough references, but has not shown adequate familiarity with them (please provide details)
- Student did not list enough references but has shown familiarity with those listed (please provide details)
- Student did not list enough references and has not shown familiarity with them

Comments: _____

Questions asked: Please list the questions you asked the student and describe your level of satisfaction with the answers given.

Overall recommendation:

- pass
- conditional pass (please specify) _____
- fail with recommendation to retake
- unconditional fail

Signature: _____ Date: _____
